Warwick Conference Centre

INCOSE UK Tutorial Days

INCOSE UK is offering two tutorial days to be held on Wednesday 18th May at the Lydiard House Swindon and Thursday the 7th July at Warwick Conference Centre. Each day comprises a selection of four whole day tutorials covering a variety of topics ranging from Systems Engineering fundamentals to advanced techniques. All the tutorials will be delivered by respected Systems Engineering experts so you can be sure of a valuable learning experience if you decide to attend.

These tutorial days have been developed to the same pattern as the tutorial day that we used to offer as part of the INCOSE UK Annual Conference. The conference tutorials attracted up to 25 registrations each and received positive reviews from a high proportion of the attendees. We hope that this new approach will make our tutorials more accessible to all who wish to develop their Systems Engineering skills.

We have deliberately selected presenters who have a track record in delivering successful tutorials, many of whom are professional training providers. Each of these tutorials will contribute 6 PDUs (Professional Development Units) towards INCOSE CSEP or ESEP certification, and may contribute to other professional development schemes. More importantly they will provide an excellent opportunity to extend your knowledge of Systems Engineering in an interactive environment that allows you to gain the maximum benefit from the presenters' knowledge and expertise.

May 18th 2011 – Lydiard House, Swindon

Tutorial leader	Subject
Adrian Terry Jon Holt & Simon Perry David Price Paul Davies & Hazel Woodcock	Problem Solving as a Holistic System Model-based Requirements Engineering The Semantic Web and its Potential in SE Systems Engineering for Interfaces

July 7th 2011 – Warwick Conference Centre

Tutorial leader	Subject
Dr Stuart Burge & Dr John Weaver Chris Hayhurst Colin Hood Robbie Forder & James Fielder	Quick Systems Engineering Model-Based SE using MathWorks Tools Understanding Requirements Enterprise Architecture Overview

Registration

Full details of all tutorials and venues will be provided on the INCOSE UK web site www.incoseonline.org.uk where you can also register for your chosen topics.

Pricing

Each day is priced at £300 plus VAT for INCOSE members and £375 plus VAT for non-members. Non-members are welcome to join INCOSE. If you join at the time of registration you will be charged £300 to attend the event and an additional £95 (VAT exempt) that will give you the benefits of INCOSE membership for one calendar year. Prices include refreshments and lunch during the day. Student rate is £200 plus VAT for INCOSE Student members and £250 plus VAT for Non-Student members.

Any one booking for both days will get 10% off the cost of the 2nd Day.

Registration is open now.

If you are unable to take advantage of our on-line registration facilities please contact Dot The Eye Ltd by email: enquiries@incoseonline.org.uk by telephone: +44 (0)1460 298217 or fax on +44 (0)845 280 5304.
