

## PRESS RELEASE

# The Institute for Systems Engineering is pleased to announce changes in the IfSE Council

[For Immediate Release]

The Institute for Systems Engineering (IfSE) welcomes Michael Henshaw as the new Technical Director and Chris Green as the new Deputy Finance Director. IfSE are also pleased to announce that Andrew Pearce has moved into the position of Finance Director.

Andrew Pearce  
Finance Director

*"I am excited by this new challenge of becoming the Finance Director for The Institute for Systems Engineering (IfSE), I would like to thank Phil our outgoing Finance Director and welcome Chris Green who is taking over the role of Deputy Finance Director. We are focusing on ensuring the continued financial stability for IfSE as well as developing an investment plan to ensure growth and expand our services to members"* – Andrew Pearce, Finance Director

Michael Henshaw  
Technical Director

*"I am thrilled to be taking on the role of Technical Director building on the work done by my predecessors and working with the Council to establish IfSE as an authoritative leader in Systems Engineering in the UK, I look forward to working with the other Directors and the Team at the Secretariat."* – Michael Henshaw, Technical Director

Chris Green  
Deputy Finance  
Director

*"I am delighted to step into the role of Deputy Finance Director and work alongside a strong and collaborative Council. This is an exciting time for the Institute, and I look forward to bringing my experience in engineering, financial management, and project leadership to help drive its ambitious vision and strengthen its future."* – Chris Green, Deputy Finance Director

IfSE President, Andrew Pemberton states, *"I look forward to the new energy and ideas Michael will bring to our Technical Programme and delighted to appoint Chris Green as Deputy Finance Director, joining Andrew and strengthening our finance team."*

Additionally, The Institute for Systems Engineering gives thanks to the former Finance and Technical Director. Andrew Pemberton shares, *"I want to record my heartfelt thanks to Jon Holt, our outgoing Technical*

## PRESS RELEASE

*Director, and Phil Savvides, our outgoing Finance Director. Both have given exceptional service on Council, shaping our technical services portfolio and helping secure the financial sustainability that underpins everything we do. Their contributions have been significant and lasting, and we owe them our gratitude.”*

## Notes to Editor

### About The Institute for Systems Engineering (IfSE)

The Institute for Systems Engineering (IfSE), the home of Systems Engineering in the United Kingdom, is a Professional Engineering Institute licensed by the Engineering Council.

If you are looking for insights on how to practise Systems Engineering, then IfSE is the institute for you.

The ‘flavour’ of Systems Engineering most prevalent in the UK has developed into an open and inclusive practice that facilitates the application of Systems Thinking and Systems Engineering principles in domains outside of the traditional domains of defence and aerospace.

In recent years, the membership of IfSE has widened significantly from its roots, expanding to include domains such as automotive, rail, energy, civil engineering, space, medicine, and security. IfSE attracts members from all around the globe. For more information, please visit [www.ifse.org.uk](http://www.ifse.org.uk)
